1GB	3	R 270.00	R 507.00	R 237.00
2GB	6	R 470.00	R 1,014.00	R 544.00
4GB	10	R 860.00	R 1,690.00	R 830.00

So how does this apply to me practically:

In your company Jimmy, Sally and John each have a 500mb HSDPA Contracts
 Jimmy only used about 200mb of his allocated 500mb, which means 300mb is wasted.
 Sally uses more than her allocated 500mb each month, about 650mb resulting in her running up an out of bundle bill of R149.00 (R0.99 per MB).
 John also only uses 150mb of his allocated 500mb, which means more money wasted on unused bandwidth.
 In total they only use 1GB between the three of them, but they are paying for 1.5GB of bandwidth.

With TEAM HSDPA they will not waste any bandwidth and no more unnecessary out of bundle charges.

Data Size	Out of Bundle Rate per MB
1GB	R 1.40
2GB	R 1.20
4GB	R 0.99
