NB: If you have answered **yes** to the above question, the following will apply: Your account will be debited on the 1st day of the next month for your monthly subscription plus the pro rata portion from the date you upgraded.

Yes, please activate only on the 1st of the new month

PRE-INSTALLATION:

Your Network Technician may need to assist you with these details.
If not completed, Interprise will be unable to fulfil your order.

Do you have an EXISTING ADSL line?

YES

NO

If YES, please provide the ADSL line telephone number:

If NO, would you like Interprise to order your ADSL line from Telkom?

YES

NO

If YES, please fill out a TELKOM line order form, and attach to this order – your Interprise Sales Representative will be happy to supply you with this. Interprise will not be able to complete your line order without these details.

Router Setup Information

Do you need NAT enabled on the router? (Network Address Translation)

YES

NO

- What is the internal IP network to be NATed, e.g. 192.168.0.0

- What is the subnet for the internal network, e.g. 255.255.255.0

- What should the IP address of the router be on the internal network, e.g. 192.168.0.1

If you have NAT enabled would you like DHCP enabled for the internal Network?

YES

NO

- What range would you like for the DHCP, please note that a range should be chosen that does not include the internal router address? e.g. 192.168.0 – 192.168.0.50

I would like a backup router with the same configuration at once-off cost of R900, and a monthly cost of R199, on a one (1) year contract basis.

YES

NO

Your will have 5 public IP address available for use. If NAT is enabled, one of the addresses will be used for the NAT. If you would like to forward traffic to an internal address using the IP addresses, please specify what you would like using IP1 – IP4 as an indicator of the addresses you would like forwarded. Please note that a port can only be forwarded once per public IP address. This only applies if NAT has been enabled.

	Public IP Address	Port	Internal IP Address
E.g.	IP1	80	192.168.0.3
