

The Complete Business Server

Do you have your own company server?

- Does your company rely on email?
- Are you managing your company data?
- Do you need full roaming remote access?
- Are you fed up with computer viruses?
- Are your servers falling over?

Move to our Linux-powered **best-selling all-in-one** service offering, **LINEXCHANGE**.

Protect your data

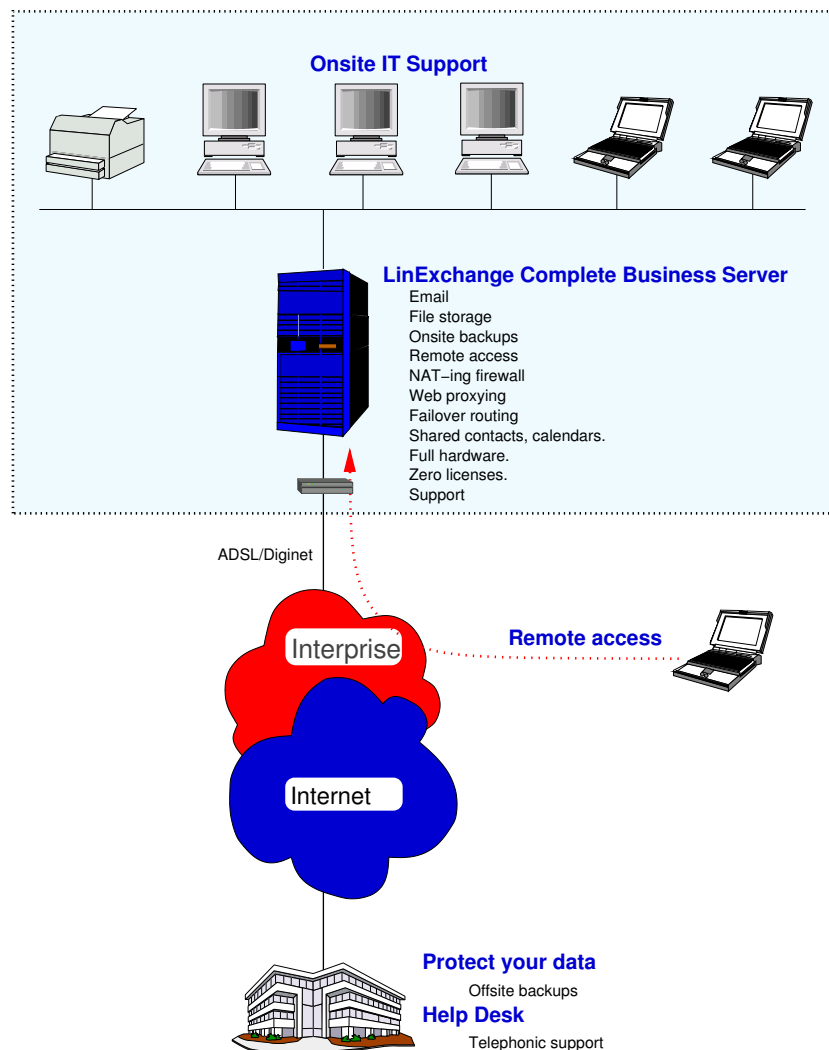

Have you ever lost data?

- Safe-guard your business now
- Protect against fire, theft, and human error.

Full onsite backups daily, **plus** full offsite backups weekly. Giving you complete peace of mind with **SYNC7**, **DISKMIRROR7** and **RRDISKMIRROR7**.

LINEXCHANGE and **SYNC7** present two complete and tightly integrated solutions for many of your business IT needs. What's more, they achieve this at a reasonable price, together with our strong commitment to supporting you along the way.

LINEXCHANGE—The Complete Business Server

As our best-selling flagship offering, LINEXCHANGE is an all-in-one solution for small- and medium-sized businesses. With a LINEXCHANGE server computer placed at your business' premises, you'd be hard-pressed to find a service offering rivalling LINEXCHANGE's set of features together with SevenC's legendary levels of support.
